Lighting the Chalice

We light our chalice as a symbol of the Light within us and the life that flows through the world around us. It is our beacon as we search for truth. It is the warmth in our hearts for love. And it is the energy that propels us to action. May we be kindled by our time together.

Extinguishing the Chalice

We have come to the end of our service but not our calling in the world: Each day, every day, we are blessed to be the embodiment of what is possible, when Justice and Equity ground us in all that we do. May we go forth with the light and warmth of our chalice in our hearts until we are together again.
